

Water Conference Program

Time	Speaker	Title
Wednesday October 11th		
8.00-9.00	<i>Registration</i>	
Session 1		
9.00-9.15	Opening	
9.15-9.50	Ernst Zürcher	Trees, forests and health
9.50-10.25	Igor Jerman	Subtle energy from bioenergy healers captured by water sensors
10.25-11.00 Coffee		
11.00-11.35	Roumiana Tsenkova	Water discovered by aquaphotomics as ultimate sensor
11.35-12.10	Ulrike Granögger	The Wave Genome – Quantum Holography of DNA
12.10-13.30 Lunch		
Session 2		
13.30-14.30	Gerald Pollack	EZ water: Implications for physiology/pathology
14.30-15.05	Roberto Germano	Chemical-physical changes of ionic solutions by a peristaltic pump
15.05-15.40	Gery Pollet	Water: Builder of nature?
15.40 - 16.20 Coffee break		
16.20-16:55	Alexander Tournier	The role of water in homeopathy
16:55-17:30	Dobrosława Kwiatkowska	Does microcurrent frequency therapy create EZ in living organism?
17.30-18.05	Veda Austin	Hydroglyphs: the symbolic language of water
19:00 Dinner		
Thursday October 12th		
Session 3		
9.00-9:35	Jörg Schauburger	To be announced
9:35-10:10	Konstantin Korotkov	Health benefits of structured water
10:10-10:45	Kristen Deutschländer	The effects of water quality on health
10.45-11.15 Coffee break		
11.15-11:50	Donatella Negro	Water that heals
11:50-12:25	Maria Eugenia Porto	Applications of structured water in life
12.25-13.00	George Wiseman	The fusion of EZ 'Water' and ExW for health
13:00-14:30 Lunch		
Session 4		
14.30-14.40	Sergio Ribiero	To be announced
14.40-15.15	Bill Bengston	To be announced
15.15-15.50	Alberto Foletti	Electromagnetic information transfer through aqueous systems
15.50-16.20 Coffee break		
16.20-17.05	GunWoong Bahng	The effect of activated water in hydroponics
17.05-17.40	Mark Burr	Primary Water is the earth-generated source water of our oceans and hydrological cycle
17.40-18.30	<i>Poster capsules (3 min for each poster), sponsors presentations</i>	
18.30-19.30 Dinner		
19.30-21.00	<i>Poster session (with wine)</i>	
Friday October 13th		
Session 5		
9.00-9.35	Elmar Fuchs	Entanglement of water stretch vibrations
9.35-10.10	Githa Ben-David	Vocal sound scanning and EZ water
10.10-10.45	Marc Henry	The role morphogenic water in health and music
10.45-11.15 Coffee break		
11.15-11:45	Vladimir Voeikov (remote)	Bicarbonate - the vitalizer of natural waters
11.45-12.20	Beverly Rubik	To be announced
12.20-12.55	Glen Rein	Resonance frequency signatures of aqueous ionic solutions
12.55-13.30	Paul Heroux	Health, electromagnetism and water
13.30-15.00 Lunch		
15.00-18.00 Free time		

19.00-21.30	Dinner	
Saturday October 14th		
Session 6		
9.00-9.35	Robert Haralick	Analytic measurements on audio frequency magnetically treated water
9.35-10.10	Hans Geesink	Quantum order in water molecules
10.10-10.45	Jan Pokorny	Spectroscopic investigation of water layers
10.45-11.15	Coffee break	
11.15-11:50	Nikita Penkov	Terahertz dielectric spectroscopy is a unique method with an undisclosed potential for studying the hydration of biomolecules
11:50 - 12:25	Magdalena Kowacz	Playing with EZ size and voltage in gels and cells: EZ relation to membrane potential
12.25-13.30	Lunch	
Session 7		
13.30-14.05	Hamutal Bary-Soroker	Does EZ water have liquid crystal-like features?
14.05-14.40	Won Kim	New paradigm approach for generating electricity
14.40-15.15	John Martin	KELEA-activated water
15.15-16.00	Closing (by Gerald Pollack)	
16.00-16.40	Coffee-break	
19.30-23.00	Banquet
